

BILBY EXPERIENCE

GROUP TRAVEL PRODUCT SHEET

PRODUCT DESCRIPTION

The Charville Bilby Experience is a centre dedicated to bilbies, one of nature's eco-engineers. During our interactive shows see bilbies in their nocturnal house and learn their important role in balancing our ecosystem. Hear what Save the Bilby Fund is doing to save this environmental marvel from extinction. Bilbies are a 'keystone' species. This means that their protection is even more important because their survival increases the chances of 19 other threatened species who share the same habitats. Our Up Close and Personal Tour gives you a very special opportunity to pat a bilby. When you choose to join one of our tours, you are making a difference. Tour proceeds go directly to supporting the vital work in saving the Bilby.

Facilities: Gift Shop; Coach Parking; Toilets; Wheelchair Access
