

# EROMANGA NATURAL HISTORY MUSEUM

## GROUP TRAVEL PRODUCT SHEET

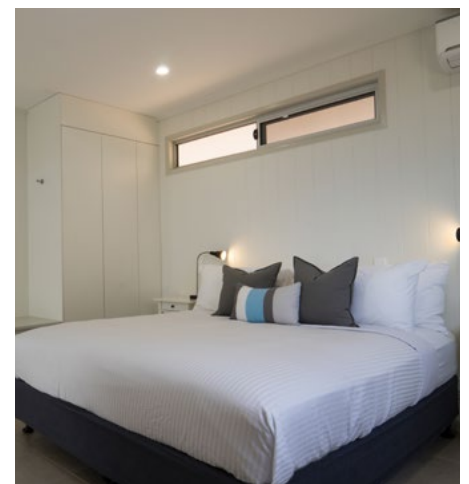

**EROMANGA**  
NATURAL HISTORY MUSEUM

### PRODUCT DESCRIPTION

The Eromanga Natural History Museum is committed to discovering, conserving and showcasing the fossil, natural and cultural heritage of the upper Murray/Darling and Lake Eyre/Cooper basins. The incredible diversity of Outback Australia's natural history is on display - from the tiniest fossils the size of a sugar grain to the mightiest dinosaurs Australia has ever seen. Meet Australia's largest dinosaur, and see the recent megafauna discoveries including the largest known marsupial to have ever walked the earth. Join a tour or learn how to prepare dinosaur and megafauna fossils. There's also some onsite accommodation which is suitable to small groups. Group catering is available if booked in advance.

**Facilities:** Souvenir Shop; Coach Parking; Toilets; Wheelchair Access; Air-conditioning; WiFi; Barbecue; Communal kitchen for catered meals; Onsite accommodation at Cooper's Country Lodge

### GROUP TOURS, MUSEUM & ACCOMMODATION

# GROUP TOURS

## AUSTRALIAN DINOSAUR GIANTS TOUR

Join our experienced guide on a one hour tour of the workshop, laboratory and collection centre. You'll meet titanosaur sauropods Cooper and George, the largest dinosaurs to have ever been found in Australia. Our guides will demonstrate how to prepare fossilised bone. You'll also see the incredible Eulo megafauna fossils.
