

TOP SECRET WWII TOUR

GROUP TRAVEL PRODUCT SHEET

PRODUCT DESCRIPTION

It's like finding an archaeological dig before it's uncovered. Charleville Airport became part of the United States of America in 1942 when the site was handed over to the USAAF as a top secret site during World War II. There were up to 3500 (the population of Charleville today) United States Servicemen serving in the area. Many of the sites have been uncovered and you can join a guided tour of the base. The tour departs the Cosmos Centre.

Facilities: Café; Gift Shop; Coach Parking; Toilets; Wheelchair Access; Air-conditioning; Wi-Fi; Picnic Area
